Re: Hazardous Waste Facility Financial Test

Dear Mr. Dame:

I have reviewed the financial test documentation submitted March 25, 1986 to demonstrate financial assurance for closure and liability assurance at your facility. My review of the financial test indicates it is in compliance with 40 CFR 264 Part H or 40 CFR 265 Part H.

If you have any questions, please contact me.

Sincerely yours,

Steven G. Cater
